CAREER OBJECTIVE

With 2 years of experience and 30+ successfully delivered live projects in UI/UX design, I specialize in creating intuitive, engaging, and user-centered digital experiences. I focus on understanding user needs and applying usability principles to make informed design decisions. I am committed to continuously developing my skills and growing professionally, with the goal of establishing myself as a Senior UI/UX Designer within the next 4–5 years.

EXPERIENCE

Join Venture AI — UX/UI Designer

1 Feb 2025 – Present • Mohakhali, Dhaka

As a UX/UI Designer, my role is to create intuitive, user-centered, and visually engaging digital experiences. I focus on understanding user needs, conducting research, creating wireframes and prototypes, designing high-fidelity interfaces, and collaborating with developers to ensure seamless implementation while maintaining usability, consistency, and design quality.

CreativeSoft LTD — Jr. UX/UI Designer

11 Nov 2024 – 31 Jan 2025 • Mohammadpur, Dhaka

Responsibilities: Led end-to-end design for web and mobile applications, created interactive prototypes, conducted user testing, and designed dashboards that translated insights into clear product decisions.

Notable Projects

VNET — Health & Wellness Platform Live

VNET is a health consultation platform where users answer personalized follow-up questions and receive AI-recommended programs or courses tailored to their needs. After purchasing a program, the AI generates personalized routines and tasks, while users can also book live or video consultation sessions with qualified experts for further guidance.

PORTAVACATION — Vacation rental and travel-booking platform

Port A Vacation is a vacation rental and travel platform designed for travelers visiting Port Aransas, Texas. The platform allows users to discover and book vacation homes, rent vehicles, explore local activities, and manage their trips in one place. The project focused on creating a modern, user-friendly, and seamless booking experience with clear navigation, property discovery, detailed listings, and an easy checkout flow.
